

# PROJECT MANAGEMENT CHALLENGE 2006

## *Third Annual NASA Project Management Conference*

### BIOGRAPHY

**Ms. Jennifer Hill Pendleton, PMP**  
***Director, Professional Services***  
**Forté Systems, Inc.**

**Biography:**

Ms. Pendleton is the Director of Professional Services for Forté Systems, Inc., a project management consulting firm specializing in the discipline and techniques of project management as well as implementation of project management solutions.

Ms. Pendleton has over twenty-five years experience in supplying project management solutions to government and industry clients. Recently, she has implemented Enterprise Project Management (EPM) solutions in a variety of areas including government, financial, pharmaceutical, technological, and production. These engagements included introduction and training project management principles in the development of processes and procedures as well as implementation and training project management software to carry out these procedures.

Ms. Pendleton is a Certified Project Management Professional (PMP) and is a member of the Project Management Institute (PMI) and the Microsoft Project Association (MPA).
